

Title: **Deformation forecast (62)**

Stakeholders: **LKAB**

Scale: **1: 12,000**

Issuance date: **04/2019**

Type: **Technical document**

Connections: 9

Language: **Swedish**

Pages: 1

Description:

The third deformation forecast was published in 2019, five years after the second. The line has not moved; what changes, as in the previous version, are the timing of the interventions and the shape of the areas underlying the deformation zone.
